## REDUCING THEIR FAMILIES.

ST. LOUIS, October 28.—A man from King's River district, northern Arkansas, reports a fresh outbreak in the Terry-Wagoner feud. Last January three Terry brothers and two Wagoners, father and son, were killed. Recently Sam Meeks, a cousin of the Wagoners, went to Indian Territory, and during his absence John and Miles Terry brought a charge of horse stealing against him and secured a special appointment to go after him. They captured and killed Meeks, reporting that he had attempted to escape. Tuesday night last the Wagoner faction retaliated by killing Miles Terry and fatally wounding John Garrett, of the Wagoner crowd, and Cyrus W. Davis, was seriously wounded during the fight.

BRainerd, Minn., October 28.—The Portland fast express, west bound, on the Northern Pacific, ran into an open switch near the east end of the Crow Wing River bridge, last night. The engine broke loose and the tender, mail car and two baggage cars went over the embankment into the river. Clinton Mayne, who was riding on the front of the mail car, was fatally injured. The mail car clerks escaped with bad bruises and a thorough wetting. The engine ran across the bridge on the ties, but further on turned over the embankment, killing fireman Alexander Brown and severely injuring Engineer Swart. All the passenger cars remained on the track, and none of the occupants were injured.

## RAMSEY COUNTY FARMERS.

The Report of Suffering Greatly Exaggerated.

St. Paul, October 28.—Territorial Auditor Ward, of Dakota, has just returned to Fargo from Devil's Lake, where he has been investigating the condition of the Jews and other destitute tillers of Ramsey County. In an interview, he said, he found among the business men of Devil's Lake the sentiment that the whole matter had been greatly exaggerated, although the residents of the northern part of the county had lost their wheat crops entirely, and a portion of their other crops. He made a thorough personal investigation and found the Jews had sufficient hay, oats and straw to winter their stock, and teams enough to do their fall work. They had comfortable houses, but lacked flour, clothing and fuel. A large quantity of supplies had already been shipped them by Jewish residents of St. Paul, Minneapolis and other points, who had promised to supply their wants. Many were in want and will have to be supplied from funds already donated. A committee was appointed to make an equitable distribution of the funds and if any is left in the spring it will be used in purchasing seed wheat.

## LOG CABIN LOGIC.

## Brawn and Brain!

The powerful engine, with its wonderful propelling power, coupled to the long train full freighted with the richest fabrics of the intellectual looms of the centuries—what obstacles can stay the progress of this mighty force, when once under full steam along life's highway?

The American with brawn and brain does not see the necessity for titles of nobility, does not care for elevation by descent, he can reach out and pluck the stars.

But with brawn or brain impaired a man is badly handicapped in the mad race for success which is the marked characteristic of the present age.

The physical system is a most intricate piece of machinery. It ought to be kept well regulated, so that it will work harmoniously in all its parts, then it is capable of an immense amount of work.

It is said that a watch, if expected to keep perfect time, must be wound daily. It will not keep good time unless it "runs regular." More men break down because they don't "run regular" than from any other reason.

It is claimed by physicians that few men are killed by hard work. It is to the irregularities of modern social life that the high death rate is due. Men burn their candle at both ends, then wonder why it burns out so quickly.

The main thing in keeping the human machine in good working order is to keep the regulator all right. "The blood is the life," and sound health is assured as long as the blood flows through the veins a limpid stream of purity.

Regulate the regulator with Warner's Log Cabin sarsaparilla, the old-fashioned blood purifier, prepared after the best formula in use by our ancestors in good old Log Cabin days, and with the vigor of brawn and brain which must ensue, in your life's lexicon you will find no such word as fail.

## A Suspicious Character Arrested.

When arrested the man attempted to poison himself. He was one of the founders of the South Russian Revolutionary Society. Other members have recently been arrested at Simiropol.
